

ONE PASTE · TIDYVERSE REPORTS

R Workflow Engine

github.com/markjamesc/r-workflow-engine

LAST YEAR

**One AI.
I was the critic.**

THE WHOLE JOB

**About 10-18 hours
over a few days.**

Critic · documents · GitHub / LinkedIn paste

8-15 of that was sitting as the critic on one AI.

THIS YEAR

Grok Bot runs Grok, ChatGPT, and DeepSeek against each other.

Then writes the README and PDF, pushes GitHub, drafts LinkedIn.

THE METHOD

**Three passes.
They catch misses.
I keep / cut.**

THE PRODUCT

One file you paste.

Prep · Analyze · Expand · Assure · Publish

THE RULE

**Generic on purpose.
My dialect.
Not a workplace clone.**

START HERE

github.com/markjamesc/r-workflow-engine

**Paste ENGINE.md.
Emit R.**
